

# More Than a Man

## Vs. 1

They say You might, possibly be  
Some say a prophet, some say a king  
All I have seen, all that You do  
Let all of me, trust now in You  
I want to know all You are  
Like a fire consuming my heart

## Chorus

You are God, the Holy One  
Father, Holy Spirit, heaven's Son  
You are God, mercy's Lamb  
A sacrifice of love in Your hand  
So much more than a man

## Vs. 2

I know You were there, when it began  
I know You were here, You walked as a man  
Even the waves bow at Your feet  
A precious surrender, Your love for me  
I've got to know all You are  
The ocean consuming my heart

## Bridge

You are the way, the truth, and life  
You sacrificed to save my life  
I put my faith and hope in You  
I will worship You in all I do
